Prequalification in EPAS

Effective: October 30, 2025

To all Land Acquisition Specialty Agents and Engineering Firms:

The purpose of this communication is to provide information and guidance regarding Illinois Department of Transportation (IDOT) procurement changes for land acquisition services resulting from Public Act 103-0511. Senate Bill 2424 was passed by the 103rd General Assembly and was signed into law by Governor Pritzker on August 4, 2023, amending the Architectural, Engineering, and Land Surveying Qualifications Based Selection Act (QBS Act) 30 ILCS 535/1 *et seq.*

This QBS Act amendment required IDOT to transition from the Invitation for Bid (IFB) procurement process to a Quality-Based Selection (QBS) process for land acquisition services contracts. Advertisements are now published on IDOT's [Land Acquisition Bulletin \(LAB\)](#).

All documents required for prequalification in EPAS must be submitted by both new Specialty Agents and current Specialty Agents. This means that currently approved Specialty Agents must resubmit all documents in EPAS even though they have already been approved by the Central Bureau of Land Acquisition.

In order to be eligible for LAB 808, all firms and individuals must be prequalified through EPAS in order to be considered for selection.
