

Members and Friends of ISFAC,

Thank you so much to our tour hosts (CenterPoint Intermodal and Houbolt Road Extension) and our attendees! We enjoyed seeing a variety of freight related facilities in the Joliet area. Some of the areas we toured were the Union Pacific Global 4 Terminal, a one million sq. ft. warehouse facility, the connection of Houbolt Road, Container Yard 5, AutoBahn Country Club and various other warehouses and freight facilities.

It was great to see the real-life practice of freight movement and it allowed us to get a better understanding of the direction of the industry. We were particularly pleased at the great information, questions and discussions that there were had around the various tour stops. We hope the tour provided valuable insights into freight in Illinois that will help our State Freight Advisory Council.

Thanks again to all that attended, and we are looking forward to our next meeting this fall. If you have any questions or would like to learn more, please don't hesitate to contact us.

Also, a special thanks to Brendan (CP), Adam (CP), Tom (UP), Pete (HBR), Ron (AutoBahn CC), and Brenda (IDOT) for putting together and providing a great tour.

Hope to see you on the next tour,

Illinois State Freight Advisory Council Team
