Illinois Active Transportation Plan Public Survey

The survey is now closed. Thank you for your participation.

Tell us about your experience walking, biking and rolling around in Illinois. This survey helps inform needs, opportunities, and priorities for bicycle and pedestrian transportation throughout the state. The survey consists of 35 questions and will take approximately 10 to 12 minutes to complete. Please see the public interactive map at the end of this survey to provide any location-specific feedback across Illinois.
