INTRODUCTION

The mission of the Illinois Department of Transportation is to provide safe, cost-effective transportation in ways that enhance quality of life, promote economic prosperity and demonstrate respect for our environment. This report presents the accomplishment of projects included in the [FY 2024 Proposed Highway Improvement Program](#) that achieve this mission.

For the Record, is an annual report of the awards and obligations of programmed projects in the FY 2024 Proposed Improvements for Illinois Highways, which is also referred to as the Annual Highway Improvement Program. For the Record meets the requirement for an annual report required by Illinois Statute 20ILCS 2705/2705-200(c) for FY 2024.

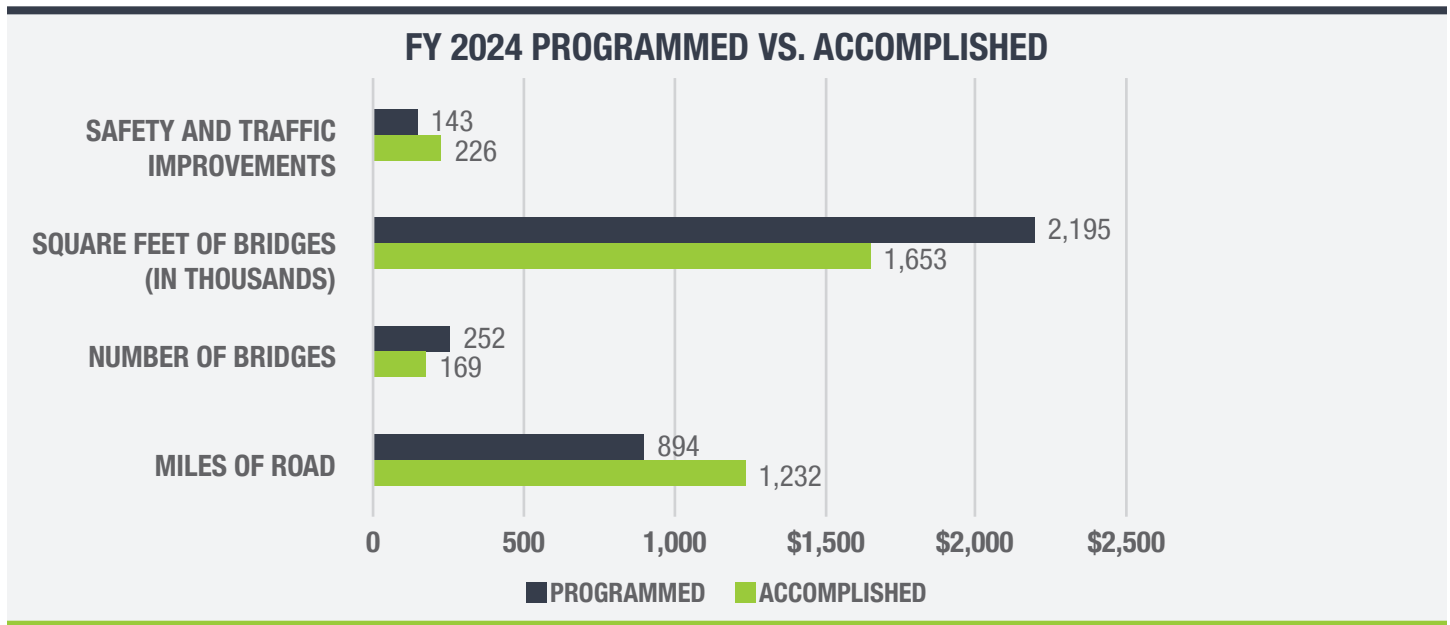

With the implementation of the Rebuild Illinois capital program on July 1, 2019, the program continues to be significantly larger than the Annual Highway Improvement Program in previous fiscal years. This historic increase allowed the department to move forward toward meeting the [Transportation Asset Management Plan](#) goals and fixing our state's crumbling infrastructure. The table below displays the total accomplishments for the past five fiscal years of the Rebuild Illinois capital program. For real-time data on Rebuild Illinois accomplishments, visit [our dashboard](#).

Year Five Rebuild Illinois Totals, FY 2020 – FY 2024

Total Investment	\$16.034B
State System	\$12.281B
Local System	\$3.753B
Total Improvements	
State – Projects	7,347
State – Miles	4,574
State – Bridges	370
State – Safety Improvements	664
Local – Projects	3,102
Local – Miles	1,967
Local – Bridges	316
Local – Safety Improvements	321

The FY 2024 Annual Highway Improvement Program shows the projects IDOT planned to implement during state fiscal year 2024 from July 1, 2023, to June 30, 2024. The FY 2024 Annual Highway Improvement Program totaled \$5.25 billion, including \$3.76 billion for improvements on the state system and \$1.49 billion for improvements on local highways. As circumstances arose throughout the fiscal year, modifications were made to the program. After these modifications were made, the FY 2024 adjusted Annual Highway Improvement Program totaled \$5.29 billion – \$4.04 billion of which was awarded during the fiscal year.

A total of 894 miles of roads, 2,194,921 square feet of deck area (252 bridges) and 143 safety and traffic improvements were scheduled to be accomplished in the FY 2024 Annual Highway Improvement Program. In FY 2024, IDOT accomplished 1,232 miles of roads, 1,652,778 square feet of deck area (169 bridges) and 226 safety and traffic improvements. These figures are illustrated in the chart below.

The following tables display the number of projects awarded and their total cost during FY 2024.

FY 2024 Program Awards Summary in Dollars (\$Billions)

	Annual Program	Adjusted Program
Total Program Dollars	\$5.25	\$5.29
Total Awarded Dollars	\$2.94	\$4.04
% of Program	56.0%	76.3%

FY 2024 Program Awards Summary in Number of Projects

	Annual Program	Adjusted Program
Total # Programmed	1,631	2,546
Total # of Awards	868	2,205
% of Program	53.2%	86.6%

The following notable projects were awarded during FY 2024:

- ❑ **Interstate 80 from Ridge Road to U.S. 30 in Will County (District 1)** – This project consists of pavement reconstruction with one additional lane in each direction and wide shoulders throughout the 16-mile corridor. Auxiliary lanes will be added between some interchanges and there will be interchange modifications, including a new directional turbine ramp from southbound Interstate 55 to westbound Interstate 80. This project also consists of bridge rehabilitations and replacements, including the replacement of the Des Plaines River Bridge. Pedestrian and bicyclist improvements, including the pedestrian path along Chicago Street from Doris Avenue to Fifth Avenue is also included. There are a total of 27 projects along the Interstate 80 corridor. To date, 11 projects have been let and six of those projects were let in FY 2024. The six projects were awarded at approximately \$365 million.
- ❑ **Interstate 39 and U.S. 20 Reconstruction on Rockford Bypass in Winnebago County (District 2)** – This is two adjacent projects that include roadway and interchange reconstruction, construction of additional lanes and bridge replacement along Interstate 39. The project from north of Blackhawk Road to east of Mulford Road, including the U.S. 20 system interchange, was awarded at approximately \$98.8 million. The project, including the new U.S. 20/ Harrison Ave diverging diamond interchange, was awarded at approximately \$44.3 million.
- ❑ **Interstate 55 from 0.8 miles north of Wolf Creek to 1.8 miles south of Illinois 17 in Livingston County (District 3)** – This project includes approximately 11 miles of hot-mix asphalt milling and resurfacing, culvert repairs and bridge repairs on Interstate 55. It also includes hot-mix asphalt resurfacing of County Highway 1 from Old Illinois 66 to east of N 2000 Road. The project was awarded at approximately \$39 million.
- ❑ **Illinois 17/Illinois 91 over Spoon River 0.6 miles west of Wyoming in Stark County (District 4)** – This project consists of bridge replacement, roadway profile adjustments, regrading of side slopes and construction of stream barbs. The project also includes the construction of cofferdams, channel excavation, temporary soil retention system, installation of guardrail, and placement of hot-mix asphalt. The river had migrated toward the existing abutment, therefore, the substructure elements, as well as channel excavation and riprap placement were designed to prevent future erosion and scour issues. IDOT coordinated with the Illinois Department of Natural Resources on the design of stream barbs, which will help with bank stabilization and erosion mitigation, as well as provide habitat for fish. The IDNR plans to continue the bank stabilization and fish habitat effort further upstream once the bridge project is complete. The project was awarded at approximately \$13.2 million.
- ❑ **Designed Overlay Resurfacing of Interstate 57 from Coles County Line to 0.3 miles north of U.S. 36 in Douglas County (District 5)** – This project is a designed overlay resurfacing project on Interstate 57 to replace the deteriorating pavement surface and improve the integrity of the pavement structure. Included within the project limits are the ramps at the interchange between Interstate 57 and U.S. 36. Replacement of existing guardrail along the highway corridor is also included with the improvements. The project was awarded at approximately \$37 million.
- ❑ **Interstate 55 in Logan County (District 6)** – This project includes approximately 6.6 miles of resurfacing from north of Elkhart to southwest of Lincoln. Improvements were also made at the Broadwell interchange including repairs to the overhead structure carrying 800th Avenue over Interstate 55, ramp repairs, and resurfacing and median repairs on 800th Avenue at both ends of the structure. The project was awarded at approximately \$31 million.
- ❑ **U.S. 51 in Macon County (District 7)** – This project includes resurfacing 1.94 miles of U.S. 51 from 0.1 mile north of Forsyth Road to Interstate 72 in Decatur. It includes resurfacing, ADA improvements, median replacement, signal upgrades and right turn lane construction. The project was awarded at approximately \$14 million.
- ❑ **Interstate 255 in St. Clair County (District 8)** – This project includes resurfacing 3.51 miles of Interstate 255 from Illinois 15 to Illinois 157 in Cahokia Heights. The project also includes the preservation of 12 structures, and improvements will be made to the median barrier wall, lighting, guardrail, signing and drainage. The project was awarded at approximately \$65.4 million.

- ❑ **Interstate 64 in White County (District 9)** – This bridge replacement project will carry Interstate 64 over the Wabash River into Posey County in Indiana. The proposed bridges will be two 2,677-foot bridges carrying eastbound and westbound Interstate 64 traffic over the Wabash River. The project was awarded at approximately \$136.0 million and costs will be split 50/50 with Indiana.

This report is divided into three sections: Part I for the state system, Part II for the local system and Part III for the local benefits. Also included are two exhibits. Exhibit A displays the awarded projects in the program, as well as projects carried over and additions made to the program throughout FY 2024 on the state highway system. Exhibit B displays the awarded projects in the program, as well as projects carried over and additions made to the program throughout FY 2024 on the local highway system.

The FY 2024 Highway Program Accomplishments project locations can be viewed on an interactive map by going to IDOT's [Getting Around Illinois](#).

FOR THE RECORD - FY 2024

PART I:

ILLINOIS HIGHWAY PROGRAM ACCOMPLISHMENTS ON THE STATE SYSTEM

SUMMARY OF IMPROVEMENTS TO THE STATE SYSTEM FY 2024

The FY 2024 Annual Highway Improvement Program totaled \$5.25 billion, including \$3.76 billion for improvements on the state system. This investment allowed for 598 miles of roadway to be improved or added to the existing highway system, along with 1,653,678 square feet of deck area improvements (138 bridges) and 107 safety and traffic improvements. The actual accomplishments for FY 2024 are 739 miles of roadway improvements, 1,386,616 square feet of deck area improvements (103 bridges) and 163 safety and traffic improvements. These figures are illustrated in the chart below.

The following tables display the FY 2024 Annual Highway Improvement Program and awards summary for the state program. The adjusted program total for FY 2024 is \$3.94 billion. The program is adjusted because projects are delayed or moved ahead, projects are added, and some projects are deferred or determined not to be needed throughout the year. Improvements awarded on the state highway system using federal, state and local funds during FY 2024 were \$3.11 billion for an accomplishment rate of 79% in dollars and an accomplishment rate of 83.9% for the number of projects.

FY 2024 State Program Awards Summary in Dollars (\$Billions)

	Annual Program	Adjusted Program
Total Program Dollars	\$3.76	\$3.94
Total Awarded Dollars	\$2.46	\$3.11
% of Program	65.4%	79.0%

FY 2024 State Program Awards Summary in Number of Projects

	Annual Program	Adjusted Program
Total # Programmed	1,601	1,827
Total # of Awards	660	1,533
% of Program	62.2%	83.9%

The state program awards are listed in Exhibit A. Additions to the program are noted with an “ADD.” Carryovers are noted with a “C/O.”

GUIDE TO THE LISTINGS

For each project accomplished, the following information is provided:

- ❑ **Route/City** – The marked route designation and/or street name and city. For those improvements on unmarked state routes and local system routes, the system designation and route number are provided. Some funds have been awarded for improvements at various locations. In these cases, "Various" is noted in the route designation. Also shown is the identification number for each project (0-XXXXX-XXXX), which corresponds to the number in the program.
- ❑ **County** – The county or counties where the improvement is located.
- ❑ **Description** – This item includes both a description of the location of the project and the type of improvement.
- ❑ **Award Date** – For awards, this is the date the program item was awarded. For obligations, this is the date the obligation was approved.
- ❑ **TAMP Category** – Identifies the Transportation Asset Management Plan category that the projects fall within.
- ❑ **Award Cost** – Total of awards or obligations charged to the program item.

FOR THE RECORD - FY 2024

PART II:

ILLINOIS HIGHWAY PROGRAM ACCOMPLISHMENTS ON THE LOCAL SYSTEM

SUMMARY OF IMPROVEMENTS TO THE LOCAL SYSTEM FY 2024

The FY 2024 Annual Highway Improvement Program included all improvements on local streets and highways utilizing federal funds. The local program provided \$1.49 billion for improvements, which included 296 miles to be improved or added to the existing system, along with 541,243 square feet of deck area improvements (114 bridges) and 36 safety and traffic improvements. The actual accomplishments for FY 2024 were 493 miles of roadway improvements, 266,162 square feet of deck area improvements (66 bridges) and 63 safety and traffic improvements. These figures are illustrated in the chart below.

In addition to the FY 2024 Annual Highway Improvement Program, IDOT provided \$120.1 million of state funds specifically to assist local governments. This is discussed in more detail in Part III. In FY 2024, \$998.5 million of state motor fuel tax funds were directly distributed to municipalities, counties and townships for administration and repair of local roads and bridges. This distribution is in addition to the state’s \$5.25 billion FY 2024 Annual Highway Improvement Program.

The following tables display the FY 2024 Annual Highway Improvement Program and awards summary for the local program. The adjusted program total for FY 2024 is \$1.35 billion. The program is adjusted because projects are delayed or moved ahead, projects are added, and some projects are deferred or determined not to be needed throughout the year. Re-appropriations and other special appropriations were also used to fund the program. During FY 2024, awarded projects for the local system were \$927.1 million.

FY 2024 Local Program Awards Summary in Dollars (\$Millions)

	Annual Program	Adjusted Program
Total Program Dollars	\$1,487.7	\$1,353.6
Total Awarded Dollars	\$480.1	\$927.1
% of Program	32.3%	68.5%

FY 2024 Local Program Awards Summary in Number of Projects

	Annual Program	Adjusted Program
Total # Programmed	570	719
Total # of Awards	208	672
% of Program	36.5%	93.5%

The local program awards are shown in Exhibit B. Additions to the program are noted with an “ADD.” Carryovers are noted with a “C/O.”

FOR THE RECORD - FY 2024

PART III:

SUMMARY OF LOCAL BENEFITS FROM STATE ASSISTANCE

SUMMARY OF LOCAL BENEFITS FROM STATE ASSISTANCE

This section presents a review of the programs that provide local units of government with assistance in financing their road and street improvement programs.

Two categories of state assistance are covered: Direct State Assistance and Special State Assistance programs.

The categories of assistance are briefly described with an accounting of the allocation of funds to the local units, as prescribed by the enacting legislation for each program. Additional distribution information is available on the [MFT Yearly Distribution](#) webpage.

DIRECT STATE ASSISTANCE

The Local Motor Fuel Tax allotments are distributed to local governments based on the formula prescribed in MFT Law (35 ILCS 505) and fluctuate based on the revenue collected from the Motor Fuel Tax. The Local MFT allotments increased from FY 2023 to FY 2024. In FY 2023 the allocation was \$940.3 million and in FY 2024 the allocation was \$998.5 million.

SPECIAL STATE ASSISTANCE PROGRAMS

- ❑ **Township Bridge** – In accordance with the Illinois Highway Code (605 ILCS 5/6-901), in FY 2024, \$60 million was allocated for townships/road districts to construct bridges.

The following three programs provide additional funding to local governments through the passage of Illinois FIRST in FY 1999, Public Act 91-20.

- ❑ **Consolidated County Assistance** – Every county, excluding Cook County, shared in \$36.6 million of additional state assistance under this program in FY 2024. The funding is treated as supplemental MFT allotments and can be used by counties for any permissible MFT use.
- ❑ **Needy Townships** – This program provides assistance to townships/road districts that do not generate enough revenue locally to maintain their roadways. The funding is treated as supplemental MFT allotments and can be used by townships for any permissible MFT use. In FY 2024, 730 township/road district units shared \$16.8 million in additional state assistance from this program.
- ❑ **High Growth Cities** – This program supports municipalities who have experienced above-normal population growth. In FY 2024, 71 cities received a share of the \$6.7 million distribution of additional state assistance provided by this program. The funding is treated as supplemental MFT allotments and can be used by municipalities for any permissible MFT use.
