- **9:34am** Comments from FHWA – Alan Ho

  **Work Zone Awareness Week- several districts have press conferences. Reminder that tomorrow [April 17] is Go Orange Day. Nothing really new but still some new items under BIL. New stat- 9 days last year [2023] with no fatalities. Days scattered; discuss with engineers of BSPE- promote word to public? 9 is great but can we do better? Any way TRCC can spread awareness?**

- **9:37am** Comments from FMCSA – Christine Kobos

  **Not present; no comments.**

- **9:37am** Comments from NHTSA – Kaci Wray

  **No current updates.**

- **9:40am** SPR Update – Janel Veile

**Not present; no comments.**

- **9:40am** Crash Update – Jessica Keldermans
  **December 2023 cases being entered, less than 10,000 remain. Running data to check and finalize. Contract rewrite for CIS on March 15. Kick-off in May with BIP because current CIS is down. Begin new crash reports January 1, 2026. Talked to law enforcement over the years since 2019 (last crash report update). Contacting next few weeks for bureaus. 2 CIS consultants help maintain. If really need change and CIS cannot support, cannot maybe support to later add in values (in January Gen X=value change).**

- **9:44am** Roadway Update – Bill Morgan
  **Currently working on annual reports and HPMS submittal; interstate HPMS data submitted yesterday [April 15]. iRoads now updated with the new urban areas boundaries approved by FHWA, based on 2020 census. IDOT is currently working on updating the MPA boundaries and working through the process with the MPO's, IDOT, and FHWA.**

- Current Project Updates
  - **9:46am** Data Linkage Project Update – Mickey Edwards
    **April- full dissemination wrap up and grant year. Cannabis study still in peer review. Stats signaling correlation between legalizing and crash but affect is weak but tangle in 2020 datae. Reminder- UIS MVDL website available. Dissemination mode, other reports with Hoon, another report on large vehicles update and affects on VRU. Question from Parry Frank- use VIN decoder or crash info to determine vehicle type? Answer- not gotten to so can discuss; previously used info in crash reports. Parry- SUB is a bit different in crash report. Answer- lots of crossovers and concern in size seems more important.**

  - **9:52am** Trauma Registry Update – Adelisa Orantia
    **Not present; provided updates on Adelisa's behalf with language on a slide. Provided updates on accessibility and timeliness of project.**

  - **9:53am** Data Lake Update – Jamie Daley
    **12 sprints by April 1; found architecture and data design driver services UAT, clean and mastering data; little changes in data governance due to security. Upcoming, UAT Ford Driver services, gold plate ford services, work on next SOW.[IT jargon]. Big pic/not IT language- modernization, bringing all data together and cleaning and mastering data and building infrastructure.**
