- TRCC Organization Update – Janel Veile
  - Freddy Vasquez's first meeting 9:10-9:11

- Comments from NHTSA – Martin Broyles
  - Martin talked about a new dataset from EMS from all 50 states that can be used to improve EMS data systems 9:11-9:12
- Comments from FHWA – Alan Ho
  - Alan talked about preparation for the Model Inventory of Roadway Elements (MIRE) fundamental data elements (FDE) that are collected on all public roads. The states are required to collect this data to enhance safety analyses. A future meeting will be scheduled with IDOT for further discussion. 9:12-9:13
- Comments from FMCSA – Dan Meyer
  - Greg Piland spoke about a large truck study for crashes in work zones and workshop that was recently conducted. There may be a need for additional data to support the cause. 9:13-9:14

- Guest Presenter – Jessica Riley, Planning & Administration Section Manager, Michigan State Police
  - Michigan Traffic Crash Facts
    - Jessica gave a short presentation on Michigan's MTCF website. This website contains traffic crash data including Fact Sheets, Crash Density Maps, various data query tools as well as actual (redacted) crash reports. This site is used by various agencies, reporters, researchers, and the general public. It is very useful in increasing traffic safety. The site can be accessed at Michigan Traffic Crash Facts Website 9:14-9:38

- 2020 Assessment Update regarding Strategic Plan – Janel Veile & Mitchell Gaffney
    - Janel updated the committee on the Strategic Planning GO-Team to be provided by NHSTA. The application should be submitted this week, and once submitted and reviewed, a GO-Team will be sent out to assist in the preparation of the Strategic Plan. 9:38-9:40

- 2022 & 2023 Highways Safety Plan and 405c Projects– Adam Gabany
    - Adam updated the committee on the 2022 Highway Safety Plan 9:40-9:42
        - All projects approved and we should submit ahead of schedule
        - The FFY 2023 Notice of Funding Opportunity (NOFO) is posted on the IDOT website. Applications are now being accepted. All submissions are encouraged, even in lieu of funding appropriations. - Update on Data Linkage Project with IDOT/IDPH – Jennifer Martin, Dan Leonard & Dr. Mickey Edwards 9:42-9:55
    - Dr. Edwards shared a short presentation on the 2016-2018 Crash/Hospital data linkage project
- SPR Projects Report – Holly Bieneman/Mike Vanderhoof 9:55-9:56
    - Janel discussed the purpose of SPR funds. Statewide Planning & Research (SPR) funds are used to support planning and research activities. The funds are used to establish a cooperative, continuous, and comprehensive (3-C) framework for making transportation investment decisions and to carry out transportation planning and research activities throughout the state. The Bureau of Planning submitted the FY 2022 SPR-PL Transportation Planning Work Program to FHWA for review and it is on track for approval before July 1, 2021.

- Crash Update – Jessica Keldermans 9:56-9:58
    - Jessica noted that the 2020 crash data has been finalized as of May 10th. The 2019 Crash Facts publication has been released.
- Roadway Update – Bill Morgan 9:58-9:59
    - Bill gave a quick update on the MIRE roadway inventory system.
- Current Project Updates
    - Trauma Registry Update – Adelisa Orantia 9:59-10:00
    - Data Warehouse Update – Andy Simmons (Sree Godvidan) 10:00-10:02

        - Sree updated the committee on the status of the project, and unfortunately the timeline has changed drastically and the project will not consume any of the allocated funds for FY22. However, the funding should be finalized soon and will work on requesting FY23 funds.
